

> APR400

Ideal for rough materials
Very good printing quality
High resistance to smudge

APR®400 is the newest inkanto wax/resin ribbon for Near Edge and Corner Edge printers. It is dedicated to print rough label materials like uncoated papers or tags, a challenge for TT ribbons. APR®400 achieves a very good printing performance on these materials thanks to its superior coverage capacity. Its high sensitivity enables the highest printing speeds in labeling applications.
